

## Why Insight for APC?

Insight and APC provide comprehensive IT power solutions for data center and edge applications — empowering an always-on world with reliable and resilient tools.

### APC by Schneider Electric

Insight and APC offer reliable, efficient and cost-effective power protection and management solutions. The complete APC® portfolio of data center solutions offers powerful protection and management, physical security and scalability.

APC solutions help:

- Power your infrastructure.
- Protect critical equipment and data.
- Ensure business continuity.
- Improve energy efficiency.
- Reduce the total cost of ownership.

#### Global leader in sustainability

Enable sustainable and resilient IT networks of all sizes. APC **Green Premium™** label products promise environmental regulation compliance, transparency on environmental impacts and low CO2.

APC has an extensive portfolio of digital services to optimize your IT environments virtually or on-site. Cloud-based **APC EcoStruxure IT** supports power and cooling systems to save businesses energy while ensuring business continuity. Additionally, they offer a range of **green disposal options** to suit your needs.

APC provides sustainable digital solutions and services to provide businesses with greater energy efficiency and eco-friendly end-of-life options.

## A true end-to-end partner

Today, technology isn't just supporting the business; it's becoming the business. At Insight, we help you navigate complex challenges to develop fresh solutions and processes. We'll help you manage today's priorities and prepare for tomorrow's needs.
