

# Barco Healthcare Solutions for Brighter Outcomes

More efficient readings with  
transformative tools from Barco.

Insight<sup>®</sup> 

## It's time to streamline your healthcare workflows.

When it comes to delivering patient care, time is of the essence. A more efficient medical imaging and diagnostic workflow lets clinical professionals work more resourcefully in an increasingly complex healthcare ecosystem.

Tools like the exhaustive Barco® lineup of high-precision medical monitors deliver the precision and efficiency your teams need to tackle dynamic workflows, and save time and money.

Let's examine how robust, purpose-built solutions from Insight and Barco boost clinical productivity and empower providers to work more efficiently.

# You'll always have a clear view with QAWeb Enterprise.

As your healthcare organization grows in size and complexity, tools that simplify diagnostic workflows are imperative to improve experiences for both patients and employees.

QAWeb Enterprise software from Barco simplifies quality and compliance management, letting you reduce IT spending and time spent on manual processes.

Fully automated and secure, the QA Web Enterprise system supports consistent image quality and uptime for all your PACS display systems.

## **QAWeb Enterprise features include:**

- Comprehensive tools to manage your workstations in all locations from anywhere, at any time
- The ability to customize policies to meet your unique quality requirements
- Effortless compliance and intelligent reporting
- Assured security and patient privacy

And, this unique system grows with your enterprise, allowing you to maximize IT resources and assure uptime while reducing costs.

# Cloud-based solutions for modern care

Ready to securely connect from anywhere?

Barco® QAWeb Enterprise makes it easy with a modern, state-of-the-art cybersecurity platform that lets users:

Easily connect  
facilities, satellites  
or remote  
workstations.

Unlock anywhere,  
anytime  
compliance.

Configure and  
deploy with no local  
server needed.

This industry-leading, cloud-based solution helps you manage quality and assures compliance with less effort and lower cost, so you can deliver patient care with confidence.

## Intuitive workflow tools

When your practitioners are juggling multiple diagnostic cases, they need dynamic medical display monitors that not only let them view digital images but also empower them to work more efficiently and effectively.

Barco's intuitive workflow tools enable more **focused, flexible** and **comfortable** diagnostic work with capabilities that:

Improve attention  
with tools designed  
to help users  
concentrate on  
important details.

Allow additional,  
customizable  
screen real estate,  
including sharing  
and personalization  
options.

Accelerate workflows  
thanks to added  
workspace comfort.

## Innovative products for a range of disciplines

From radiology, mammography and surgery to dentistry, digital pathology and clinical review imaging, your front-line teams need powerful products that keep up with the unique demands of their roles without compromising performance.

Barco equips clinicians across disciplines with high-quality display systems that enable a more complete, accurate picture, empowering them to make more informed decisions when and where it matters most.

From innovative hardware to next-generation software, Insight and Barco are working together to boost clinical productivity with cutting-edge technology solutions that enable visibly brighter outcomes.

## Your trusted technology partner

You'll see the smallest details, make swift and confident diagnoses, improve detection and enhance patient outcomes by partnering with Insight to access patient-centric, secure hardware and software, including Barco® solutions.

We'll help you reimagine healthcare with transformative technology. Talk with an Insight expert today to see how Barco solutions can streamline your diagnostic workflows.

# About Insight

Insight Enterprises, Inc. is a Fortune 500 solutions integrator helping organizations accelerate their digital journey to modernize their business and maximize the value of technology. Insight's technical expertise spans cloud and edge-based transformation solutions, with global scale and optimization built on 34 years of deep partnerships with the world's leading and emerging technology providers.
